

Apex Business Alliance Members Make Things Happen.

If you have a job, you know the challenges that working people face. The Apex Business Alliance is a way for folks in the working world to help prepare our students for what lies ahead. It helps them understand why they go to school, and help them "get" why education is so important.

We're looking for business people to help, and that can take almost any form. Chances are good that you and your company's unique resources could be part of the solution in many ways by participating in:

- ◆ **Career Fairs**
- ◆ **Practice Job Interviews**
- ◆ **Business Ethics**
- ◆ **Job Shadowing**
- ◆ **Guest Speaking**
- ◆ **Résumé Reviews**
- ◆ **Site Tours**
- ◆ **Internships**

Business Alliance members make things happen! Won't you join us and get involved? Please help us connect the classroom to careers. Sign up today and share your knowledge, expertise and skills with those who need it most... our AHS students.
