

Apex High School

Guidelines for traffic flow around Apex High School

The traffic situation at Apex High becomes extremely congested at peak times. Due to campus constraints, we do not have a dedicated car pool lane. Parents dropping students off and picking them up must co-exist with over twenty busses, several hundred students who drive, and scores of students who walk to school. To manage the situation as safely as possible, please follow the procedures described below.

Junior Parking lot (closest to US 64):

- **When entering lot, you MUST turn right and follow traffic pattern through the lot.**
- **Pull to right side of lane near gym to discharge students**

Bus Loop (in front of school):

- **No cars should enter the loop during bus drop-off or pick-up times (6:45-7:15 AM or 1:45-2:30 PM).**
- **At non-peak times, cars may enter the loop to pick up or drop off students. Please pull to the curb on the right side to pick up or drop off.**
- **When visiting campus in the afternoon, please be aware that busses will come in for afternoon runs and if you park in the loop, you may become blocked in.**

Senior Parking lot (furthest from US 64)

- **See diagram**
- **Please do not enter staff lot to drop off or pick up students**

Some general guidelines:

- **Please drive slowly and cautiously at all times, especially during peak hours.**
- **Students who have to cross Laura Duncan Road, especially in the morning, should do so in the cross walks. Our school resource officer is on duty in this area in the morning to assist them with crossing.**
- **U-turns are illegal on Laura Duncan Road in front of the school.**
