

APPENDIX B-3: State-Endorsed North Carolina Graduation Project Rubrics and Descriptors (Portfolio Component)

Rubrics are evaluation tools used to score/grade an assignment or task. The four components of the graduation project will be scored using the rubrics included in this document for both formative and summative evaluations. Rubrics provide an objective method of evaluating the components of the graduation project. Each of the four levels of performance included in the rubrics is identified, along with descriptors of the level. The description given for each level of performance indicates what is expected based on specific criteria for the various categories of the research paper, the product, the portfolio, and the oral presentation. **It is extremely important that all stakeholders be familiar with the rubrics, especially, parents and students.**
